Samuel Joseph Wurzelbacher (WUR-z?l-bah-k?r; December 3, 1973 – August 27, 2023), commonly known as "Joe the Plumber", was an American conservative activist and commentator. He gained national attention during the 2008 U.S. presidential campaign season when, during a videotaped campaign stop in Ohio by Democratic nominee Barack Obama, Wurzelbacher raised concerns that Obama's tax policy would increase taxes on small business owners. Wurzelbacher was a member of the Republican Party.

After he told Senator Obama that he was interested in purchasing a small plumbing business, Wurzelbacher was given the moniker "Joe the Plumber" by the McCain–Palin campaign. The campaign brought him in to make several appearances in campaign events in Ohio and John McCain often cited "Joe the Plumber" in campaign speeches and in the final presidential debate, as a metaphor for middle-class Americans.

Wurzelbacher became a prominent conservative activist, commentator, author, and motivational speaker. In 2012, he ran on the Republican ticket to represent Ohio's 9th congressional district in the House of Representatives, losing to Democratic incumbent Marcy Kaptur.

Mario

Mario (; Japanese: マリオ) is a character created by the Japanese game designer Shigeru Miyamoto. He is the star of the Mario franchise, a recurring character in the Donkey Kong franchise, and the mascot of the Japanese video game company Nintendo. Mario is an Italian plumber who lives in the Mushroom Kingdom with his younger twin brother, Luigi. Their adventures generally involve rescuing Princess Peach from the villain Bowser while using power-ups that give them different abilities. Mario is distinguished by his large nose and mustache, overalls, red cap, and high-pitched, exaggerated Italian accent.

Mario debuted as the player character of *Donkey Kong*, a 1981 platform game. Miyamoto created Mario because Nintendo was unable to license Popeye as the protagonist. The graphical limitations of arcade hardware influenced Mario's design, such as his nose, mustache, and overalls, and he was named after Nintendo of America's landlord, Mario Segale. Mario then starred in *Mario Bros.* (1983). Its 1985 Nintendo Entertainment System sequel, *Super Mario Bros.*, began the successful Super Mario platformer series.

Charles Martinet voiced Mario from 1991 to 2023, when he was succeeded by Kevin Afghani.

Mario has appeared in hundreds of video games. These include puzzle games such as Dr. Mario, role-playing games such as Paper Mario and Mario & Luigi, and sports games such as Mario Kart and Mario Tennis. He lacks a set personality and consistent profession, allowing him to take on many different roles across the Mario franchise. Mario is often accompanied by a large cast of supporting characters, including friends like Princess Daisy, Toad, and Yoshi and rivals like Bowser Jr., Donkey Kong, and Wario. Mario appears in other Nintendo properties, such as the Super Smash Bros. series of crossover fighting games.

Mario is an established pop culture icon and is widely considered the most famous video game character in history. His likeness has been featured in merchandise, and people and places have been nicknamed after him. He inspired many video game characters, including Sega's Sonic the Hedgehog, and unofficial media. The Mario franchise is the best-selling video game franchise of all time. Mario has been adapted in various media; he was portrayed by Bob Hoskins in the live-action film *Super Mario Bros.* (1993) and voiced by Chris Pratt in the animated film *The Super Mario Bros. Movie* (2023).

A plumber wrench (or plumber's wrench, pipe wrench, Swedish wrench or Swedish pattern wrench) is a form of plier described as a pipe wrench that uses compound leverage to grip and rotate plumbing pipes. Similar to the action of a Vise Grip plier, its jaw opening is adjusted to width by rotating a threaded ring. Its advantage is that it grips with significant force without needing to engage a lock nut like an adjustable tongue-and-groove plier. Like these, it can also be used on nuts, particularly hex shaped, and other flat engagement points. If used carelessly it can dent or break plumbing pipe.
