"House of M" is a 2005 comic book storyline published by Marvel Comics, consisting of an eight-issue comic book limited series with a number of crossover tie-in books written by Brian Michael Bendis and illustrated by Olivier Coipel. Its first issue appeared in June 2005 as a follow-up to the events of Excalibur (vol.3) and the Avengers Disassembled storyline. The Scarlet Witch, her twin brother Quicksilver, and their father (at the time) Magneto play major roles in the series. Like the Age of Apocalypse (1995–1996) storyline, House of M replaced the Earth-616 as the main reality for a brief time until Scarlet Witch reverted it to normal. The events of the storyline were later indicated to have occurred on Earth-58163.

M.S. Dhoni: The Untold Story is a 2016 Indian Hindi-language biographical sports drama film directed and co-written by Neeraj Pandey. It is based on the life of former Test, ODI and T20I captain of the Indian national cricket team, Mahendra Singh Dhoni. The film stars the late Sushant Singh Rajput as MS Dhoni, along with Disha Patani, Kiara Advani, and Anupam Kher. The film chronicles the life of Dhoni from a young age through a series of life events.

The idea of the biopic was put forward by Dhoni's manager, Arun Pandey, after encountering an incident at an airport after the 2011 Cricket World Cup Final. Development began two years later, with the consent of Dhoni. Neeraj Pandey was later approached to helm the film while he was working on Baby. Pandey recruited a number of people for researching into Dhoni's background and his life events. Dhoni eventually became a consultant on the film.

The film was released on 30 September 2016 by Fox Star Studios and received the widest release ever for a Bollywood film across 61 countries. In addition to being released in Hindi language, it was also dubbed in Tamil, Telugu, and Marathi languages, although the Marathi release was later cancelled due to opposition. Upon release, the film became a critical and commercial success. It is the fifth highest-grossing Bollywood film of 2016 and sixth highest grossing Indian film of 2016 worldwide ₹215.48 crore (US\$25 million).

A story within a story, also referred to as an embedded narrative, is a literary device in which a character within a story becomes the narrator of a second story (within the first one). Multiple layers of stories within

stories are sometimes called nested stories. A play may have a brief play within it, such as in Shakespeare's play Hamlet; a film may show the characters watching a short film; or a novel may contain a short story within the novel. A story within a story can be used in all types of narration including poems, and songs.

Stories within stories can be used simply to enhance entertainment for the reader or viewer, or can act as examples to teach lessons to other characters. The inner story often has a symbolic and psychological significance for the characters in the outer story. There is often some parallel between the two stories, and the fiction of the inner story is used to reveal the truth in the outer story. Often the stories within a story are used to satirize views, not only in the outer story, but also in the real world. When a story is told within another instead of being told as part of the plot, it allows the author to play on the reader's perceptions of the characters—the motives and the reliability of the storyteller are automatically in question.

Stories within a story may disclose the background of characters or events, tell of myths and legends that influence the plot, or even seem to be extraneous diversions from the plot. In some cases, the story within a story is involved in the action of the plot of the outer story. In others, the inner story is independent, and could either be skipped or stand separately, although many subtle connections may be lost. Often there is more than one level of internal stories, leading to deeply-nested fiction. *Mise en abyme* is the French term for a similar literary device (also referring to the practice in heraldry of placing the image of a small shield on a larger shield).

A short story is a piece of prose fiction. It can typically be read in a single sitting and focuses on a self-contained incident or series of linked incidents, with the intent of evoking a single effect or mood. The short story is one of the oldest types of literature and has existed in the form of legends, mythic tales, folk tales, fairy tales, tall tales, fables, and anecdotes in various ancient communities around the world. The modern short story developed in the early 19th century.

The Culture series is a science fiction series written by Scottish author Iain M. Banks and released from 1987 until 2012. The stories centre on The Culture, a utopian, post-scarcity space society of humanoid aliens and advanced superintelligent artificial intelligences living in artificial habitats spread across the Milky Way galaxy. The main themes of the series are the dilemmas that an idealistic, more-advanced civilization faces in dealing with smaller, less-advanced civilizations that do not share its ideals, and whose behaviour it sometimes finds barbaric. In some of the stories, action takes place mainly in non-Culture environments, and the leading characters are often on the fringes of (or non-members of) the Culture, sometimes acting as agents of Culture (knowing and unknowing) in its plans to civilize the galaxy. Each novel is a self-contained story with new characters, although reference is occasionally made to the events of previous novels.

MapleStory (Korean: ??????) is a free-to-play, 2D, side-scrolling massively multiplayer online role-playing game, developed by South Korean company Nexon. Several versions of the game are available for specific countries or regions, published by various companies (such as Nexon).

Players travel the "Maple World", defeating monsters and developing their characters' skills and abilities as is typical in role-playing video games. Players can interact with others in many ways, including chatting and trading. Groups of players can band together in parties to hunt monsters and share rewards, and can also form guilds to interact more easily with each other. Players additionally have the option to visit the in-game "Cash Shop" to purchase a variety of character appearances or gameplay enhancements with real money.

In July 2010, the Korean version of the game was revised in a patch named the "Big Bang". Other versions followed suit and have since received the Big Bang update. Later in the year, the Korean version received the Chaos update which introduced player versus player (PvP) and professions to the game. Its sequel, MapleStory 2, was released in July 2015 and features updated 3D graphics and a similar storyline. As of 2020, MapleStory has reached over 180 million registered users worldwide and grossed over \$3 billion in lifetime revenue.

M.S. Dhoni: The Untold Story is the soundtrack album to the 2016 Hindi-language film of the same name directed by Neeraj Pandey. Based on the life of former Indian cricketer MS Dhoni, the film stars Sushant Singh Rajput as Dhoni along with Disha Patani, Kiara Advani, and Anupam Kher in pivotal roles. The album consists of nine songs composed by Amaal Mallik in his first album as a solo composer, with one song being composed by Rochak Kohli as a guest composer, featuring lyrics written by Manoj Muntashir. The vocals were performed by Armaan Malik, Arijit Singh, Siddharth Basrur, Rochak Kohli, Palak Muchhal, Ananya Nanda and Adithyan A. Prithviraj. The background music was composed by Sanjoy Chowdhury.

The album was recorded entirely using live instrumentation and has only one soundscape used considering the theme of the film. After M. M. Kreem, whom collaborated with Pandey for the soundtracks: Special 26 and Baby, refused his offer on his priorities with Baahubali: The Beginning (the first film in Rajamouli's Baahubali franchise) despite composing one promotional single, Pandey chose Amaal Malik for the film soundtrack and initially recorded six songs within March–October 2015. No lip-syncing is used in the songs, as the team believed that the songs blend in the narrative. The album released in Tamil, Telugu and Marathi with the lyrics were penned by Pa. Vijay, Chaitanya Prasad and Guru Thakur for the respective languages. Out of the seven songs, a promotional track "Har Gully Mein Dhoni Hai" (also released in Tamil) and two alternate versions of the songs were used in Hindi version, while the Telugu and Marathi album have seven tracks.

The album opened to positive reviews from critics, praising Amaal Malik for using single soundscape and retaining the freshness and melody in the tracks, but criticised for the familiarity of the tunes. The tracks "Besabriyaan", "Kaun Tujhe", "Phir Kabhi" and "Har Gully Mein Dhoni Hai" received the most consumer response and Palak Muchhal, the singer of "Kaun Tujhe" received a News18 and Screen Award for Best Female Playback Singer respectively.
